OLONLOG ACADEMY

OUR HISTORY

The school started with 450 students, 76 teachers and staff in the 2017-2018 academic year in a school with a capacity of 1,200 children. In 2024-2025, the school has grown to serve more than 2,300 students across 80+ groups and more than 220 teachers and staff. The school stands as the largest private school by student enrollment.

OLONLOG JOURNAL (1993–2025)

The Olonlog Journal, dedicated to promoting the beauty of mathematics, was first published in 1993 through the initiative of Dr. B. Bayasgalan.

Over 32 years of uninterrupted publication, the journal has released more than 50 issues, compiled into 5 volumes. Its mission has been to enlighten readers and help them appreciate the aesthetic depth of mathematics.

Mathematics

ORIGIN OF “ACADEMY”

The term “Akademia” originates from a garden in ancient Athens where the city’s wisest minds gathered to discuss poetry, literature, art, philosophy, geometry and mathematics. Among them, the philosopher Plato stood out, and the place later became known as the Platonic Academy. It was in this quiet space, away from the noise of the city, that the foundations of modern science, ethics, and knowledge were first laid—a tradition we proudly carry forward at Olonlog Academy.

‘INDEPENDENCE’ MATHEMATICS OLYMPIAD

Initiated in 2011 by Dr. B. Bayasgalan to honor Mongolia’s independence, this Olympiad has become a prestigious academic event engaging over 17,000 students and teachers nationally. In 2017, it expanded internationally and is now hosted at Olonlog Academy, drawing participants from seven countries and establishing itself as a respected global competition.

“Competent and knowledgeable Mongolian youth are our nation’s greatest treasure.”

WHY OLONLOG ACADEMY?

OUR CORE MISSION

We recognize that everyone is unique, and when we encourage young minds to think before speaking, reason while reading, and ideate to create, the possibilities of a better world are endless.

- 1 Learning Environment**
Modern, well-equipped classrooms, science labs, and a top-quality gym create an ideal space for learning and growth.
- 2 Leading Experience**
Our experienced and award-winning faculty bring proven practices and global collaboration to every classroom.
- 3 Learning Technology**
We integrate the latest educational technologies to enhance classroom engagement and personalize learning.
- 4 Mathematics & Logics**
We emphasize logical reasoning and problem-solving through a strong foundation in mathematics.
- 5 English Language**
Students receive high-quality English instruction from skilled teachers with international experience.
- 6 Innovation**
We foster creativity and academic excellence through research-based, forward-thinking teaching practices.
- 7 Globally Recognized**
Graduates earn admission to top universities worldwide and are recognized for their academic strengths.
- 8 Safety & Health**
Our secure, campus-based school offers student-centered support with access to health and safety services.
- 9 Location**
Conveniently located next to the National Park, overlooking the Bogd Khan Uul, our campus offers a healthy, spacious, and inspiring environment.

THE SCHOOL AND THE COMMUNITY

Olonlog Academy School, based on more than 30 years of experience and knowledge and pedagogy of the best teaching staff team in primary and secondary education, was established in 2017, marking the 15th Anniversary of Olonlog Tuv School.

Olonlog Academy School is a private co-educational K-12 school offering co-standard education of both traditional academic and national standards accredited by Ministry of Science and Education of Mongolia. We also offer students a diverse and well-rounded education by providing the opportunity to complete the IB Diploma Programme.

CURRICULUM

At Olonlog Academy, we believe that a strong educational foundation is built through purposefully guided progression, learner-centered approaches, and a commitment to both academic and personal growth. Our curriculum philosophy emphasizes the development of critical thinking, curiosity, and character from an early age. We aim to nurture adaptable, responsible, and globally minded learners who are equipped to thrive in an ever-changing world.

Grade 1

Olonlog Academy Primary School 4+1 Curriculum

Mathematics

Students follow the national curriculum alongside faculty-developed workbooks, focusing on strong foundational and problem-solving skills.

"Learning to Learn" program
"Thinking Geometry" program

Mongolian language & culture

The National Curriculum aims to develop students' civic responsibility, moral values, and social skills
Includes customized Workbook and Reading Program

English

The Pearson curriculum is used, developing phonics and progressive language skills through

Natural Sciences

Taught in Grades 4, 5 based on the 'Man and Nature' coursebook, focusing on building foundational understanding of nature.
"Man and Nature" curriculum

Our faculty develops in-house coursebooks and workbooks tailored to the curriculum.

Grade 6

Olonlog Academy Curriculum

National Curriculum

The National Curriculum aims to develop students' civic responsibility, moral values, and social skills

The Academy curriculum enriches the National Curriculum by placing strong emphasis on developing critical thinking and reasoning skills through accelerated mathematics and science programs.

Moreover, personal skills such as time management are highly prioritized to ensure students are well prepared for the next stage of their academic journey.

Grade 10

Olonlog Academy Curriculum

Olonlog Academy offers a unique dual-education model that combines the Mongolian National Curriculum with international best practices. Advanced instruction, expert faculty, and modern facilities prepare students for both national exams and international pathways, including the IBDP, IELTS, TOEFL, and SAT.

International Baccalaureate

Full two-year IB Diploma Programme including six subjects (three at higher level and three at standard level). The IB Diploma also requires students to study Theory of Knowledge, submit an Extended Essay and participate in Creativity, Activity and Service (CAS).

Grade 11

Grade 12

ACADEMIA THEATRE

ACADEMIA THEATRE

The Academia Theatre at Olonlog Academy serves as a central venue for the school's vibrant cultural and academic events. This modern facility provides a professional stage environment where students can showcase their talents and engage in various performances.

NOTABLE PROGRAMMES

Olonlog Academy values not only academic knowledge but also the cultivation of a deep sense of aesthetics in student education. What began as a theatre project has now made Olonlog Academy the only school in Mongolia with its own dedicated theatre.

Guest Lectures and Lessons

Students gain insights from experts, university professors, and professionals across various fields, expanding their academic and career perspectives through interactive sessions.

International Cultural Events

Students explore and celebrate global traditions through events like British Culture Day, promoting intercultural understanding and appreciation.

Education through Art

Through painting, movies, and visual storytelling, students express themselves creatively and develop a deeper appreciation for aesthetics, culture, and communication.

Student-Led Theatre Productions

Students perform theatre classics, which foster creativity, confidence, teamwork, and public speaking skills, while enriching the school's artistic community.

OUR STUDENTS

At Olonlog Academy, we empower our students to reach their fullest potential by providing a nurturing environment, personalized guidance, and world-class academic opportunities. Through hands-on learning, mentorship, and access to national and international platforms, our students are equipped to excel — whether winning top awards, leading at global competitions, or earning admission to prestigious universities worldwide.
